

Relocation of the Early Voting Site in Eureka Springs

The Carroll County Clerk and the Carroll County Election Commission do hereby announce that the Early Vote Site has been relocated from the Western District Carroll County Courthouse in Eureka Springs to the St. Elizabeth's Parish Center. The Parish Center is located at 232 Passion Play Road in Eureka Springs.

The County Clerk and the Election Commissioners believe that the St. Elizabeth's Parish Center is an ideal solution to accommodate the growing number of Early Voters in the Western District. The Parish Center offers more than adequate parking, a large area for the voting equipment and is handicap accessible assuring that Early Voting in the Western District is ADA Compliant.

We sincerely hope that our voters will appreciate this move and take advantage of the more convenient Early Voting in Eureka Springs. We are planning to have 9 voting machines available for the new Early Vote Center instead of the 2 to 3 machines we were able to use in the Courthouse.

The County Clerk and the Carroll County Election Commissioners strive to continue to improve the election process and the voting experience for our county.
